MAY 19, 2026

COMMENCEMENT 2026 MESSAGE FROM THE PRESIDENT

Dear graduates, parents, families and friends,

Welcome to the 2026 commencement ceremony for St. Joseph's University, New York!

We are thrilled to introduce the 107th graduating class — and the fifth to receive degrees under the institution's official designation as a university. The students gathered here today have persevered through many challenges, guided and strengthened by their own commitment to their fields of study, and mentored by St. Joseph's impressive faculty members.

Together, our students and faculty, along with our outstanding staff members, embody all that is great about this institution, and their accomplishments provide brilliant evidence of the deep meaning of our motto, *Esse non videri* — “To be, not to seem.”

The Sisters of St. Joseph established St. Joseph's University, New York with a clear vision, a vision informed by their own deeply-held values of integrity, spiritual depth, social responsibility, service and intellectual rigor. Our hope is that every graduate will be forever transformed by

these values, and that they will use their unique talents and experiences to bring the same transformation to the world around them.

Today is not only a day of celebration, but also one of reflection. There are fellow students, professors, staff members and family members who can only be with us in spirit. The success of our students is perhaps the best memorial to those who today we hold in our hearts and prayers. Let us not forget their contributions on this special day.

To the Class of 2026: commencement marks the end of your life as a university student, but not the end of learning. St. Joseph's has provided you with the tools you need to spread your wings and accomplish your dreams. But to accomplish those dreams, there is much work — and learning — still ahead. You will not be alone, however — we will be here for you in the coming years to support you in your quest!

Congratulations to you, students, and also to our faculty and staff, for your achievement. And special heartfelt congratulations to those who have supported you through these years of education — your dear family members and loved ones.

Sincerely,

A handwritten signature in black ink, which appears to read "Donald R. Boomgaarden". The signature is fluid and cursive.

Donald R. Boomgaarden, Ph.D.
President, St. Joseph's University, New York

Valedictorians

Victoria Corcoran

Long Island Campus Valedictorian

Victoria Corcoran is a shining example of making every moment count. Since beginning her journey at St. Joseph's University, New York, she has utilized every tool, resource and opportunity offered to forge a path forward for herself, one gleaming with success and untold potential.

From serving as captain of the Golden Eagles Women's Tennis Team to being named president of BASIC (Brothers and Sisters in Christ), all while maintaining her 4.0 GPA, Victoria has never shied away from a challenge or exceeding expectations.

Becoming immersed in student life, Victoria also served as an orientation leader, a peer tutor in the University's Academic Center and member of the English Honors Society, Sigma Tau Delta. She is a member of the Kappa Gamma Pi National Honor Society and was the Fall 2025 recipient of the Thomas J. Wendt '88 Alumni Scholarship.

Her experiences at St. Joseph's have taken her everywhere — from the University's surrounding communities, participating in service projects as part of her role in BASIC, to Greece and the Mediterranean as a member of the Honor's Program.

Graduating with a B.A. in English with minors in journalism, legal studies and political science, Victoria's love of storytelling has been supported and nurtured by her fellow members of the SJNY community. That said, the story she is writing for herself is setting up to be truly special as she steps into a new chapter.

After graduation, Victoria plans to attend law school. By becoming an attorney, she hopes to apply all that she has learned, both inside and outside the classroom, to standing up for what is right.

"St. Joseph's has paired academic rigor and campus involvement to provide the perfect place to grow into an adult who is prepared to take on the next chapter of life."

Sulabh Katila

Brooklyn Campus Valedictorian

Sulabh Katila is a firm believer in going the extra mile. Hailing from Nepal — less than 10 miles from the Himalayas — Sulabh set his sights on moving to New York City to pursue his dream of becoming an engineer.

Finding himself at the front steps of St. Joseph's University, New York, he was determined to take advantage of the institution's vast resources, as well as the unlimited opportunities offered by living in New York City.

Over the last four years, Sulabh has done just that, serving as vice president of the Computer Club, working as a peer tutor for the University's Academic Center and volunteering at a non-profit organization in Brooklyn, tutoring underrepresented children in mathematics.

During his time on campus, Sulabh also helped organize a computer science symposium, which brought together industry professionals to engage high school students with an interest in technology.

As a 2024 Summer Undergraduate Research Fellowship (SURF) recipient, Sulabh presented his research on "Modeling and Evaluation of Property Price Trends in NYC: From Linear Regression to Neural Networks," at the University's Student Research Symposium.

For his hard work, Sulabh was presented the University's first-ever Joseph M. Lewinger '00 "Mr. St. Joe's" Scholarship for Future Educators during the 2024-2025 academic year.

Today, he receives two degrees: one in computer science and the other in mathematics with a minor in data science, feeling prepared for the world that awaits him.

Eventually, he would like to become a professor with a goal of inspiring future generations in the same way those at St. Joseph's have done for him.

"I see being valedictorian more as a responsibility than an achievement. It's a responsibility to speak from the perspective of every student, to not leave anyone out and make sure that everyone feels seen."

Honorary Degree Recipient

Elyse Deublein Harney '52

Doctorate of Humane Letters, honoris causa

We are honored to welcome back to St. Joseph's University, New York one of our distinguished alumnae, Elyse Deublein Harney '52. As a business-minded visionary, leader and mother of five children, she is the founder of Elyse Harney Real Estate and the co-founder of Harney & Sons Fine Teas, as well as an integral and impactful member of her community.

Her professional, social and philanthropic endeavors not only exemplify her diligence, dedication and commitment to serving others, but are a value set that aligns with St. Joseph's University, New York's five pillars of integrity, intellectual rigor, spiritual depth, social responsibility and service.

Raised in New Jersey, Elyse Deublein Harney '52 rode the bus daily to attend classes at St. Joseph's University, New York (then known as St. Joseph's College for Women) in Clinton Hill, Brooklyn. Since graduating with a B.A. in English, she has gone on to redefine the term "family business," proving first-hand why family comes first.

In 1983, Elyse Deublein Harney '52 co-founded Harney & Sons Fine Teas with her husband, John. What began as a small business soon blossomed, as Harney & Sons Fine Teas found their way into luxury hotels including the Ritz-Carlton and retail stores such as Williams Sonoma. Today, Harney & Sons is managed by two of her sons with over 300 blends sourced around the globe, an online store and shops in SoHo, Manhattan and Millerton, New York.

Elyse Deublein Harney's next venture was the founding of Elyse Harney Real Estate in 1987. Inspired by her summers spent in Litchfield Hills, Connecticut and the area's picturesque charm, Elyse Deublein Harney '52 wanted to create a family-

owned boutique real estate firm that offered unparalleled client satisfaction. After 40 years, and with her daughter now serving as the firm's owner and lead broker, Elyse Harney Real Estate has grown into one of the region's most trusted names in purchasing and selling properties across New York, Connecticut and Massachusetts.

Elyse Deublein Harney '52 has served on several committees in her community, including the Salisbury Board of Selectmen, Historic District Commission and the Board of Education. In fact, she is co-founder of the Salisbury Volunteer Ambulance Service, along with her husband and Rees Harris. The volunteer organization is one of the region's most vital emergency services — with Elyse Deublein Harney's daughter now serving on its board of trustees.

Deeply devoted to her family, spirituality and community, Elyse Deublein Harney '52 is always the first to lend a hand to a neighbor in need, forge a new connection or donate to a cause. She was the first woman to serve as Eucharistic Minister at her parish, and with her husband, founded its youth ministry program.

In 2024, she and her family were awarded the Robert and Mary Lou Estabrook Community Leadership Award for their contributions to the local institutions, organizations and residents of Salisbury, Connecticut.

Elyse Deublein Harney '52 is a remarkable, outspoken and awe-inspiring leader, one who approaches life's challenges with the same grace as she does its blessings.

As we celebrate the Class of 2026, we are proud to have Elyse Deublein Harney '52 as our commencement speaker and as a shining example of the excellence fortified at St. Joseph's University, New York.

COMMENCEMENT 2026 MESSAGE FROM THE VICE PRESIDENT FOR INSTITUTIONAL ADVANCEMENT

Dear Graduates,

Congratulations — you did it! Today marks a genuine turning point: the moment you step forward as a graduate of St. Joseph's University, New York. What brought you here wasn't easy. It took grit, sacrifice, late nights and no small amount of brilliance. Take a breath, look around and let yourself feel proud. You've earned it.

Now, something exciting begins. Today, you join the St. Joseph's alumni community — a worldwide network of more than 49,000 spanning generations, industries and continents, all united by a shared foundation and a common commitment to *Esse non videri* — “To be, not to seem.” These are professionals, leaders and changemakers who carry that spirit into their work, their communities and the world. And now, so do you.

Stay curious, stay connected and keep investing in the relationships you've built. Whether through fellow graduates, future classes or the broader St. Joseph's family, those connections will continue to matter. A great place to start is [SJNYconnect.com](https://www.sjnyconnect.com), our online alumni network built to keep you engaged and plugged in long after today.

On behalf of the Office of Alumni Engagement and the entire St. Joseph's alumni community — welcome. We are so glad to have you with us.

Best wishes for the future,

Rory Shaffer-Walsh
Vice President for Institutional Advancement

HISTORY OF COMMENCEMENT ROBES

What suggests the future more than the sight of graduates in academic robes?

The garb is an ancient one, centuries old and rich in meaning. Academic dress is traced to the robes medieval monks wore for warmth in unheated monasteries. The hoods on today's commencement robes probably originated from the need to keep tonsured heads warm. Since clergy were the literate class in medieval society, they became associated with scholarship. And the first universities actually grew up around great cathedrals that were centers for ecclesiastical education. As the universities began to train young men for occupations other than the ecclesiastical, such as law, some students probably were inclined to abandon "monkish" robes for more worldly garb.

Possibly in reaction to this, a 1321 statute at the University of Coimbre required all "Doctors, Licentiates, and Bachelors" to wear gowns. Other statutes during the second half of the 14th century forbid "excessive in apparel" at English universities, instead directing the wearing of long gowns. This distinctive dress set students apart from other citizens in university towns, fueling the historic conflict between "town and gown."

Academic dress design varies among European institutions. But the United States has a standardized code of academic dress authorized by the American Council on Education. Because of this code we can look at today's commencements and know the wearer's study discipline, degree level and even from what institution he or she is graduating.

According to the Academic Costume Code, a bachelor's gown is worn closed with long, pointed sleeves. A master's gown is worn open, with long sleeves cut to hang away from the forearm in an oblong shape. Doctor's gowns can be worn open or closed and may be trimmed with wide velvet panels running down the gown's front and velvet bars on the sleeves. The velvet is black or the color of the wearer's study discipline. Hoods, if used, are lined in the college or university's color and bordered with a color that indicates the wearer's degree. In the case of the Doctor of Philosophy (Ph.D.) degree, the dark blue color is used to represent the mastery of the discipline of learning and scholarship in any field that is attested to by the awarding of this degree and is not intended to represent the field of philosophy.

According to the Academic Costume Code, here are the colors associated with degrees or study disciplines:

Agriculture	Maize	Medicine	Green
Arts, Letters, Humanities	White	Music	Pink
Commerce, Accountancy	Drab	Nursing	Apricot
Business	Drab	Oratory (Speech)	Silver Gray
Dentistry	Lilac	Pharmacy	Olive Green
Economics	Copper	Philosophy	Dark Blue
Education	Light Blue	Physical Education	Sage Green
Engineering	Orange	Public Administration	Peacock Blue
Fine Arts	Brown	Public Health	Salmon Pink
Forensic Computing	Citron	Science	Golden Yellow
Forestry	Russet	Social Work	Citron
Journalism	Crimson	Theology	Scarlet
Law	Purple	Veterinary Science	Gray
Library Science	Lemon		

Deadline to submit information for this program was April 3, 2026.
