

**Addendum
Articulation Agreement
between
St. Joseph's College and Nassau Community College**

**Specific to Nassau Community College Radiologic Technology and St. Joseph's College
Human Services**

This document is an addendum to the Articulation Agreement (attached) between Nassau Community College and St. Joseph's College approved by both institutions and signed in October, 2014. This addendum specifically addresses the transfer of students who have completed the AAS program in Radiologic Technology to the BS program in Human Services at St. Joseph's College.

This addendum is designed to facilitate the transfer of course credits from Nassau Community College to St. Joseph's College as well as to facilitate and expedite the transfer process for students. All provisions stated in the Articulation Agreement signed in October, 2014 apply to this addendum as well as the obligations as noted for each institution.

For transfer credit purposes, attached to this agreement is a chart of SJC course equivalencies for NCC courses in Radiologic Technology. The transfer course equivalencies are the result of dialogue between NCC and SJC's Academic Deans, Department Chairpersons and faculty members. SJC liberal arts/core requirements and distribution requirements are also contained within this document. Requirements for a baccalaureate degree are contained in the Articulation Agreement. This agreement may be modified, including adding or deleting course equivalencies, upon agreement of both parties.

Graduates from the Nassau Community College AAS program in Radiologic Technology will also be eligible for academic scholarships as well as the Phi Theta Kappa award as stated in the Articulation Agreement.

This addendum will remain in effect until either party wishes to terminate.
